STEEL

Steel pricing is very volatile and we do not expect the situation to stabilize for some time. Prices are escalating rapidly due to high demand and product availability.

We are expecting Bailey Metal Products to announce the following increases in addition to the January and February increases which have already been implemented:

EFFECTIVE IMMEDIATELY Consolidated Gypsum Supply Ltd will only be extending Quotes/Templates, day to day or project prices for 30 days.

EFFECTIVE MAR 1, 2022

15% INCREASE

Our Industry is faced with increases on every product that we purchase due to changes in trade regulations, currency fluctuations and natural disasters such as hurricanes and fires, which drive up demand.

These reasons, along with increased operating costs make it necessary that prior to bidding projects, please consult with your representative to ensure that you have our latest pricing. All increases will be implemented on the date above.

We thank you for your continued support and understanding. If you have any questions or concerns, please contact your local Consolidated Gypsum Representative.

Sincerely,
Consolidated Gypsum Supply
